CLUB NOTICES

NZAC Photocomp Trophies

Our grateful thanks go to volunteer Julie Proven, for her research efforts that have provided us with some historical information on the NZAC's various trophies and winners for the Photocomp and National Boulder Series. Over time this information will be added to the Club's website. As a result of this work, we would like to ask members if anyone may know the whereabouts of our three missing Photocomp trophies? They may have ended up in the back of the garage, or be stored away in a roof somewhere, so please have a read to see if the following items sound familiar to you. Perhaps you may even be able to supply a photograph of yourself, or a family member, with one of these prizes? That would also be appreciated to add to our archival records.

Featured is the John Harrison Memorial Trophy – the only one found to date. It hangs in pride

of place at Unwin Lodge, Mt Cook.

Missing are the:

1. Dorflinger Trophy – a wooden carving of the flower *Dactylanthus Taylorii*
2. Guide Alack Challenge Cup – sorry no description (could be a cup, painting, carving?)
3. Egmont-Tasman Trophy (also called the Syme Trophy) – a timber plaque with strips recording winners and featuring the two mountains. It was displayed at Unwin Lodge at one time.

Should any of the above be found, we would love to have them returned so that they can be displayed and preserved for the future, in our National Library.

If you have any further information that could of interest, it would be greatly appreciated. Please email Margaret@alpineclub.org.nz.

Family Discounts for NZAC Members

With the current baby boom amongst our members, the NZAC is looking to boost the number of family orientated events and discounts available to our members. Should you know of any family climbing related companies such as the following, in your area, please let me know about them, so that I can make contact to see whether they will make a similar offer to our members with children. Any suggestions for other places we can approach, or perhaps you have connections yourself that could help us out, would be much appreciated. Please contact Margaret@alpineclub.org.nz.

Christchurch Based “The Roxx”

Has offered NZAC members a \$2pp discount for any member bringing a group of (or just their own) children along to their “Clip n’ Climb” area of the gym. The NZAC member would need to handle payment for the group, showing their active NZAC card and a photo ID at the counter upon arrival. The discount is available to all members of the group that the NZAC member brings with them. For more details on “Clip n’ Climb” please see The Roxx website <http://theroxx.co.nz/index.php?page=clipnclimb>

Glue-In Ring Bolts

The previous manufacturer of our glue-in ring bolts is no longer able to supply us with a product we believe is of high enough quality, so we are on the look-out for a new supplier. Do any members know of a company anywhere in NZ who would be able to manufacture this type of product for us? Please contact Margaret@alpineclub.org.nz with any contact details, thanks.

Tararua Watch.

Some work going on in the Tararua that may interest section members:

Holdsworth Lodge. The Gentle Annie track to Rocky Lookout has been upgraded, and shortly there will be a viewing platform at Rocky Lookout.

Holdsworth Lodge is getting a few extra bunks fitted for those who don’t make it into the hills.

Atiwhakatu Hut is to be replaced shortly. The new site is not far from the present hut. For those who don't know, there is a new boardwalk (300 mtrs) starting from the northern end of Donnelly flat. Also be aware that a small bridge over a stream 15 minutes short of the hut has been washed out over last winter.

In the northern Tararuas the track on the ridge above Herapai, between Ruapai and East Peak, has become badly undermined, and trampers should take care.

Work has started on upgrading the track up the TL of the Waiohine between Walls Whare and Clem Creek. Does this mean less mud?

Climber #63 - Sir Edmund Hillary Tribute Edition
