Next section night: 5 September, 2011

ClimberTube BYO video night, and AGM

Well we've run out of speakers temporarily so we thought for something novel we'd let you the members share your favourite climbing video clips with us all at the ClimberTube BYO vid evening.

So get downloading now and bring along some short sharp vids. The rules are bring them on a memory stick, keep them short and punchy, and they must be in keeping with the objects of the club and be of PG rating. We should have the technology to handle most video formats. We are also considering awarding a prize for the audience favourite.

Before the fun starts though we will be holding the AGM of the Section which should take about 30 minutes.

Notice of AGM

At this club night we will first be holding the 2011 AGM for the Wellington Section. This is a most important meeting in our annual calendar and we encourage all members to attend.

This year we will be considering the adoption of a new set of rules for the Section. The old rules are out-moded, for example it stipulates that the Section Levy be set at 5 Shillings! Time to download the latest Rulez plug-in.

Also as usual will be the Election of Officers. Don't wait to be invited onto committee – if we don't know that you're keen and interested then how can we know to ask? Please put your hand up anytime and you'll be welcome.

All nominations for committee positions should be sent to The Secretary or alternatively nominations will be taken from the floor.

Club nights are at Turnbull House, on the first unimpeded Monday of every month. New and prospective members are welcome. Meetings and talks start at 8.00 pm with club business and tea & coffee afterwards. Meet for dinner at the Backbencher public bar at 6.30 pm and on to Turnbull House at 7.30 pm for a catch up.

WELLINGTON SECTION NZ ALPINE CLUB

NOTICE OF AGM 2011

Date: 8.00 pm, Monday 5 September 2010

Venue: Turnbull House, Wellington

Agenda:

1. Apologies
2. Minutes of previous AGM and matters arising
3. Wellington Section Rules Revision
 - a. A proposed set of new Wellington Section Rules was sent to all members in the August edition of the Vertigo newsletter together with a rationale for the adoption of these rules. At the meeting the following motion will be put:
"That the new set of Wellington Section Rules be adopted as a replacement for the existing By-Laws of the Wellington Section of the New Zealand Alpine Club"
- Note that any change of rules can only be made at a General Meeting of the Section and by a two-thirds majority of those present.
4. Annual (Chairperson's) Report
5. Treasurer's Report
6. Election of Officers 2011-2012
7. Appointment of Auditor
8. General Business

For further details of the Wellington Section Rules revision, please refer to the the August 2011 issue of Vertigo.

Annual Report to the 2011 Annual General Meeting of the Wellington Section of the New Zealand Alpine Club

Introduction

As is the rule with writing reports you always write the introduction last. Now that I've written the rest of the report I feel a lot better about the year we've had despite me tearing my hair out with worry most of the time.

One further thing worthy of mention in the intro is that we've done well on the back of a pretty dedicated team of volunteers. If we want to keep it up we'll need to keep finding fresh talent. So the message is that when you see Committee seeking volunteers for jobs or projects in Vertigo, the website or at club nights please step forward. It makes everyone's life easier in the long run when we share the load.

Activities

Committee has again worked hard this year to provide an interesting program of activities.

For the first time we brought the Reel Rock Film Tour to Wellington. We targeted this event for the youth however due to exams being on at the time most of them couldn't make it. Still about 150 people came along and the event was well received. We will try to do better next year. Our thanks go to Hangdog Adventures as sponsors of the event.

The inaugural Whanganui Bay Rock Festival was a great success. Although this was primarily the brain child of Marlon Hepi he was ably supported by the Wellington Section and Hangdog Adventures. Even though the meet was held on Auckland Anniversary weekend by far the majority of climbers came up from south of there. This event will now be a regular feature on the calendar and yes we'll try and make the dates more favorable for Wellingtonians next year.

Vertigo has undergone a face lift and now features more jazz and colour. Steve Minchin sent himself on a publishing course just so that he could learn how to do it and he seems to have got the hang of it.

Our local photo competition continues to be strong and well patronized. As evidence of

this the Wellington Section went on to win the Egmont-Tasman Trophy for the inter-section competition of the NZAC national photo competition. I'd like to thank Hinrich Schaefer for organizing our local competition.

The younger set in the club has finally forced us into creating our own Facebook page. This is to encourage networking and stimulate participation on club and private trips alike. Our thanks go to Lorraine Johns for leading this initiative and setting things up. So far we have 97 'Likes' which I think means good.

Hinrich has put together a trip schedule that continues to offer at least one trip every month. Overall trips were successful in providing a variety of climbing and outdoors experiences to section members. They also attract interest from non-members and so raise the profile of the club. Unfortunately, several trips had to be cancelled due to bad weather or lack of interest. Successful, well attended trips tend to be the ones with clearly defined objectives (as opposed to trips to certain areas with objectives to be chosen by the participants) and conceived by a dedicated trip organiser (as opposed to someone taking over a posted trip). The quality and success of club trips depend strongly on active involvement of club members to bring their demands and experience into the conception, planning, and running of outings.

The Banff Mountain Film Festival was up to its usual standard and I'd like to thank Steve Minchin for organizing it again.

We again were able to hold the Rock Hop this year and we appreciate the efforts of Kristin Foley and his horde of helpers for making the event successful once again. We are now casting about for someone to run next years event so if anyone wants to put up their hand we'd love some help.

This year we also applied for a grant from the Lion Foundation to purchase some new club gear and were lucky enough to be awarded \$2,200. We'll be purchasing some more avalanche probes shortly.

Instruction

Instruction has been the most challenging area for us this year. After the tragedy on last year's AIC it was always going to be difficult to rebuild the course and deliver it again in 2011. Coupled with that, the club nationally has now adopted the Instruction Safety & Risk Management Framework. This framework benchmarks a set of standards for the delivery of all instruction courses across the club and it has not been easy bringing us up to the mark.

Despite these challenges we were able to bring together a fresh team and get AIC 2011 over the line. Special thanks are extended to Scott Taylor (jr), Lorraine Johns, Fraser Crichton, and the instructor team for making this all happen. It's a credit to the depth within the Section that we were able to succeed.

Rock instruction is better placed at the moment and the instructor team is well experienced and was able to deliver another great Summer Rock in 2011. Thanks to Blair Hiscoke and Scott Taylor (sr) for pulling this together.

Tukino Lodge

The NZAC has now struck an agreement with the Tukino Alpine Sports club that gives us membership benefits for the use of Tukino Lodge on the Tukino Skifield, Mt Ruapehu. This is a fine addition to the clubs accommodation portfolio and in particular will serve the Wellington Section well over the coming years. Credit must be given to NZAC members Don French and Toby Johnston who used some initiative to make this all happen for us.

Baring Head

This year a large tract of land at Baring Head passed into the ownership of the Greater Wel-

lington Regional Council. They are now putting together the management plans for the regional park and we were invited to prepare a submission for their consideration. It is healthy to see that climbers are now being regarded as a legitimate user community in the area and this bodes well for us in the future.

As a corollary to this the section has joined the "Friends of Baring Head" a loose knit collective of organizations and people that care about the area.

Membership

Membership numbers have inexorably trended down since this time last year; from 410 then to 384 members now. In March we were as low as 367 members. This mirrors the national trend but more markedly so in our case. Committee is at a loss to explain the trend and hopes we'll pick up again sometime soon. It's not like we've become a useless club all of a sudden.

Bouquets

Firstly we must thank the outgoing Committee, and all those volunteers who lent them a hand, for their huge collective effort to provide a full calendar of events and activities for us to all enjoy this year. We should also thank those that are keen to stay - they'll have another busy year I'm sure.

Congratulations are extended to Richard Davies and John Palmer who became joint winners of the John Harrison Memorial Trophy in the 2010 NZAC National Photo Competition for their Overall Champion photographs.

Distaghil Sar Award for 2011 – Applications now sought

The Distaghil Sar Award is designed to assist members of the Wellington Section of the Alpine Club to become better qualified climbing instructors and to promote the professionalism of the club's instruction courses thereby improving the safety and pleasure of climbing generally.

The Wellington Section Committee has discretion to determine the number of grants that will be awarded each year. Each grant will be for a maximum of \$500.

Applications for the Award

Any member of the Wellington Section of the Alpine Club may apply for the award for a course from NZAC, MSC, NZOIA or any other course that the fund administrators consider appropriate.

Applications must be in writing and include the following:

- the course or qualification for which financial assistance is sought
- the need for such assistance
- the availability of the applicant to instruct on courses run by the Wellington Section

Applications should be sent to DSF administrator at PO Box 1628, Wellington or e-mailed to secretary@nzalpine.wellington.net.nz

Applications close 30 September 2011.

Criteria

In selecting a recipient for the award the following criteria will be considered:

- climbing skills and judgment
- ability to communicate with students
- commitment to safety
- previous contributions to Wellington Section instruction course
- availability to instruct on Wellington Section instruction course in the future

Successful applicants are required to provide a report to the fund administrators by the beginning of December in the year the course was held. Payment will be made against invoices for receipts. It is not available retrospectively.

Background

The Distaghil Sar Memorial Trust Fund was inaugurated in 1997 as a memorial to Andy Boas, Chris Hoare and Steve Thornley who died in the Karakoram Mountains in August of 1996 whilst attempting an ascent of Distaghil Sar (7,885m). In 1997 family and friends of Andy, Chris and Steve, the Wellington Section and its members made substantial donations to inaugurate the fund. A further substantial donation was made in 1999. The fund has subsequently become established as a memorial to all other Wellington Section members who have died whilst climbing. Further information about the Distaghil Sar Memorial Trust Fund can be found on the Wellington Section's website at <http://www.nzalpine.wellington.net.nz/club-activities/the-distaghil-sar-award/>

EVEREST 60/25 CELEBRATIONS

ANTARCTICA

2013 will be the 60th anniversary of the first ascent of Everest. It will also be the 25th anniversary of our 1988 Anglo-American-Canadian Kangshung Face expedition, which Reinhold Messner described as 'probably the most adventurous in Everest's history' (and, no, we didn't pay him to say that). I intend to celebrate our Silver Jubilee in style, starting with a trip to the Antarctic Peninsula.

Skip Novak, with whom I have already led two expeditions to South Georgia, has agreed to be co-leader of the Antarctic expedition, and make his 22.5m yacht *Pelagic Australis* available for a four weeks charter from Ushuaia.

Yacht-based skiing and climbing is one of life's great adventures; doing it on the Antarctic Peninsula is as good as it gets. With eight berths available on *Pelagic Australis*, there will be scope for both keen skier/mountaineers and people who would just like to come for the sailing, scenery and wildlife.

The dates: February 1st to February 28th 2013. Plus a couple of days each end travelling to and from Ushuaia. We are still working on the detailed plan and prices, which I will send in the next newsletter. In the meantime, please allow yourself to be tempted by this trip of a lifetime, and tell anyone else who may be interested.

Upcoming Club Trips

Wellington Section Trips

Trips are a key part of the Wellington Section. Trips can be of any length, any level of difficulty, and any size. Simply email us or approach us at the monthly meeting, and we can help you get going. Send your trip ideas, no matter how vague, to trips@nzalpine.wellington.net.nz

And remember we love to hear about your trips – send stories to newsletter@nzalpine.wellington.net.nz

September 10–11: Mt Taranaki

Trip organiser: TBA

Based in Tahurangi Lodge on the East side of the mountain; one day will see us heading to the summit by any of a choice of more or less technical routes. On the second day there is the option to up the ante or explore some of the cliffs that offer great rock climbing.

September 24–25: North Island backcountry ski touring meet

Wellington Section contact: Hinrich Schaefer

Backcountry ski enthusiasts from all North Island NZAC sections gather at Tukino Hut on the East side of Mt. Ruapehu for this meet. Through the ski field there is great access to the terrain up high.

Oct. 22–24th (Labour Weekend): Inland Kaikoura Range: Mt. Tapuae-o-Uenuku

Trip organiser: TBA

Difficulty: 2- Experience: AIC

Any clear day the highest mountain outside the Southern Alps beckons to Wellington climbers. Have you ever thought about standing up there and looking back? Join our trip this Labour Day weekend, follow the classic route up the Hodder River into the heart of the Inland Kaikouras. While Tappi is not a technical route more difficult objectives are close by (Mt Alarm) for eager participants.

Contact Hinrich on 021 298 6894 or email trips@nzalpine.wellington.net.nz

November 18–20: Castle Hill

Trip organiser: TBA

Nobody who is serious about rock needs an intro to bouldering and climbing at Castle Hill. We'll head over to the South Island and and pull, crimp, balance, dyno, smear and hook as long and as hard as you want.

Wellington Section library – be where the action is

The Wellington Section is in need of a new librarian. It's a simple enough role that puts you in the heart of the action:

- Manage the Section's exciting library of books, DVDs, and VHS video cassettes
- Take charge of the library's budget, and buy whatever takes your fancy. New books! New movies! The choice is yours.
- Opportunities abound to meet fellow librarians (pictured left).
- Applications are now being accepted – please email James Wright at chairperson@nzalpine.wellington.net.nz for further details.

The Wellington Section library is also missing a number of items which may be sitting forgotten on members' shelves – please scan the list below, and if anything sounds familiar it would be appreciated if you could check that it isn't on yours...

Notes to the Financial Statements for the year ended 30 June 2011

1 Statement of Accounting Policies

General Accounting Policies

The measurement base adopted is historical cost. Reliance is placed on the fact that the Section is a going concern. These financial statements are prepared on an accruals basis.

Particular Accounting Policies

Accounts receivable are valued at expected realisable value.

Fixed assets are recorded at cost less accumulated depreciation, on a diminishing value basis.

Depreciation rates adopted are :---

Library books	5%	DV
Climbing equipment	20%	DV
Computer software	48%	DV
Projector	20%	DV
Data show	24%	DV

Costs relating to events include any donations made to the National Office out of any surplus arising.

Course fees received from students are recognised in the year the course commences. Where course fees are received in a year prior to the commencement of a course, they are shown as a liability at year end and then as income in the following year.

Changes in Accounting Policies

There have been no changes in accounting policies. All policies have been applied on bases consistent with those used in previous years.

3 Loan to National - Unwin Hut

In August, 2010 the Wellington Section Committee resolved to advance \$20,000 to the New Zealand Alpine Club Development Reserve Fund ("The Fund") as a loan to be repaid in accordance with the policies and terms established for The Fund by the New Zealand Alpine Club CCM.

This fund was set up by the Club for the purposes of advancing its strategic objectives and specifically to assist with any capital investment required to deliver value to its members. Under the terms of The Fund, this loan is interest free and is for an indefinite period until such a time as the need arises within the Section for the return of some or all of the monies loaned. The Section may request repayment of all or part of the loan including any increment based on the CPI increase for the period concerned. Repayment is always subject to the requisite surplus funds being available in The Fund at the time, and at the absolute discretion of CCM.

Wellington 6140

Dear Members,

Appraisal of the Financial Reports of the Wellington Section of the N.Z. Alpine Club for the Year ended 30 June, 2011

I have examined the compilation of the Financial Reports of the Wellington Section of the New Zealand Alpine Club ("The Section") for the year ended 30 June, 2011. These Financial Reports have been prepared for the sole use of The Section.

Based on this examination, so far as I can ascertain, the compilation and preparation of these Financial Reports has been carried out in accordance with generally accepted accounting practices for such an entity as this. They appear to give a true and fair view of the financial activity of the entity for the year ended 30 June, 2011 and of its financial position at that date.

I am pleased to award The Section the CAMS Seal of Approval and compliment them on the quality of their financial records.

Our instructions precluded the provision of an audit service and accordingly I have not carried out a formal audit. I do not therefore accept any responsibility for the accuracy of the material from which the Financial Reports have been prepared, nor for any liability in negligence, to any person.
